

JANCIS

CREATED TO IMPROVE COMMUNICATION

Impressive quality

- 4K UHD resolution
- Eye-care mode
- Anti-reflective surface treatment
- Anti-Finger print and Antimicrobial coating
- Zero gap technology

Fast and powerful

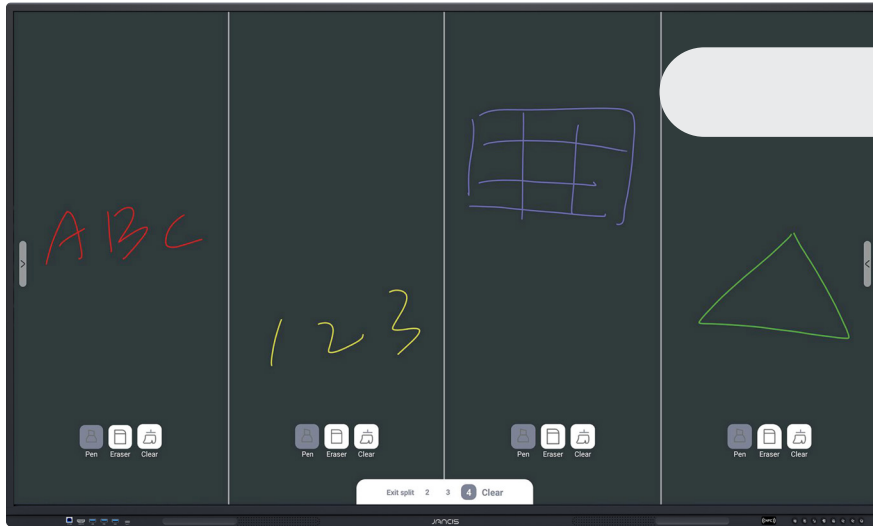

- Android 14
- 16G + 256 G
- 8 Cores CPU
- Type-C 65 W (data + charge)
- 400 nits
- 2 x 20 W speakers

Split screen up to four parts side by side

allows up to four people to work on their own content independently

Two color simultaneous writing capability

easy to switch between two colors just

turning digital stylus

Hotkeys on the screen sides

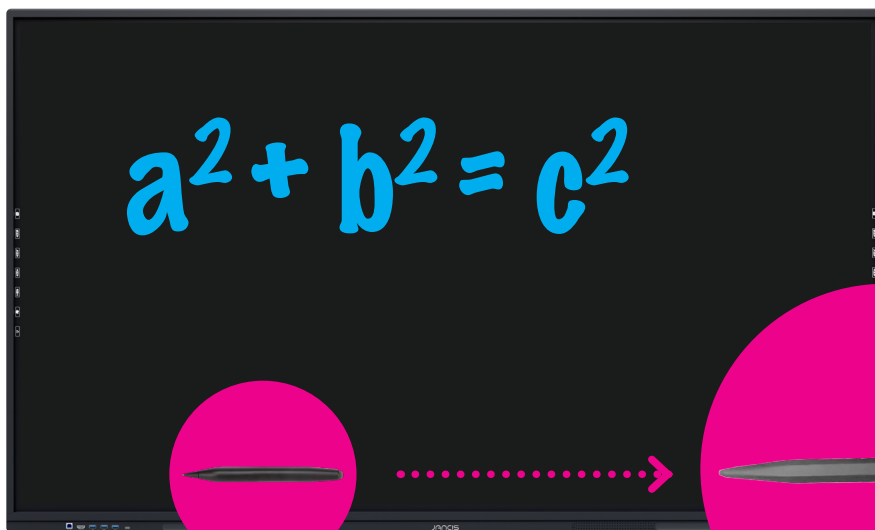

for instant annotation functionality

fast and easy to choose different colors and actions

Start annotation instantly by lifting stylus from magnetic holder

just lift your stylus and you are ready to annotate

Download apps from the Play Store

Your favorite apps are just a click away

Google Play

EDLA Certification

compatibility and optimal performance with
Google applications and services

Wireless connection using E Share

connect and share content from your mobile devices
and computers wirelessly

Ambient light sensor

save electricity based on room brightness conditions

Multitasking

operate in more apps simultaneously

Interactive display technical specification

Display	Model no.	SL-M06503	SL-M07503	SL-M08603
	Bonding	Zero-gap		
	Size	65 inch	75 inch	86 inch
	Brightness	400 nits		
	Resolution	3840 x 2160		
	Refresh Rate	60HZ		
	Glass	4mm, Anti Glare, tempered, Mohs 7 (Pencil hardness 9H)		
	Side bar	Yes, both sides		
	Ambient light sensor	Support		
	Lifetime	≥50,000h		
Android	RAM	16G DDR4		
	ROM	256G		
	Android version	14 EDLA Certification		
Touch	Touch / Writing points	40 points / 20 points		
Connectivity	Touch-USB	2		
	HDMI (2.0)	3		
	Type-C	1 (Multimedia, 65W) + 1 (15W)		
	USB (3.0)	5		
	OPS	1		
WIFI & BT	WIFI & Bluetooth	WIFI6 + BT5.2		
Speakers	Speakers	20W x 2		
Warranty	Warranty	36 months		
Certification	Certification	CE / EMC / LVD / RED / RoHS / Energy Star
